THE AMERICAN NUMISMATIC SOCIETY

CATALOGUE
OF
COINS, MEDALS, &c.,

Principally from the Cabinet of

Messrs. JOSÉPH ZANONI, and HENRY BOGERT,

April 24, 25 & 26, 1867.

101 WILLIAM STREET.

NEW-YORK. April 1st, 1867.

As the Collectors *generally*, are aware that I have not had many collections of Ancient Coins under my care, for sale at Auction. they will not be surprised that I feel some difficulty in regard to the ancient collections in the subjoined Catalogue. I therefore have the satisfaction of informing them, that I have been very kindly assisted by my friends Mr. W. H. Strobbridge, Mr. Oliver and Captain Deffendorf, to each of whom, I tender my grateful acknowledgments.

In regard to the *condition* of the pieces, however. I beg to say I am entirely responsible—and while being very anxious to do every justice to the owners of the Coins. I have endeavoured to be equally careful not to mislead those gentlemen who may not have the opportunity of examining them—I have endeavoured to bear in mind, that what might justly be called fine by those well posted in the ancient series, would be described as, possibly, only good in modern Coins: to some, therefore, I may not have done full justice. but, in trying to steer a medium course, I trust it will be found that none have been over-described. I make this statement, mainly, because my friend Mr. Bogert, put the Collection into my hands, leaving me to do entirely what I thought right in Cataloguing them.

It is my intention after the sale, to price some Catalogues at \$1.25 each, and shall be obliged to those who wish to obtain them, to let me know as soon as possible.

EDWARD COGAN.
